

## Discussion Questions for Personal Growth

Read John 17:20-26

1. Does living in Biblical unity mean we must all be the same and look the same?
2. Why do some people like to be "private" with their Christianity?
3. What are the components that make up Biblical unity?
4. How does unity among Christians show Jesus was sent by God?
5. Would you say you keep learning more and more about God as you get older? If so, what is something new you have learned in the last year?
6. If we do not have a growing understanding of God, what does that say about our relationship with God? If there is no growth what does that say about our view of God?
7. How does living in a Biblical community make God known in the world?
8. We stand now on the Apostles teaching what Jesus said. How important is it that we continue to continue to teach people about what Jesus said?
9. How does our knowledge of God impact our love for God?
10. What does it mean that the way the Father loves the Son is the same love that is in a Christian? If God's love resides in a believer, how would people be able to see that love?
